VICE CHANCELLOR'S MESSAGE

Dear Learner,

It gives me immense pleasure to welcome you to Karnataka State Open University (KSOU), a university committed to making quality higher education accessible, inclusive, and transformative. By choosing KSOU, you have become part of a vibrant academic community that believes education has the power to enrich lives, strengthen society, and build a better future.

Higher education today extends far beyond earning a degree. It is about developing knowledge, critical thinking, creativity, ethical values, professional competence, and the confidence to adapt to an ever-changing world. At KSOU, we are committed to nurturing these qualities through flexible, learner-centric, and technology-enabled education.

Open and Distance Learning has evolved into one of the most effective modes of education, providing opportunities for learners from diverse backgrounds irrespective of age, profession, location, or personal circumstances. Whether you are pursuing higher education, upgrading your professional skills, or fulfilling your lifelong dream of learning, KSOU stands beside you throughout your academic journey.

Our University offers a wide range of programmes across the disciplines of Humanities, Social Sciences, Commerce, Management, Education, Sciences, Technology, and emerging interdisciplinary areas. These programmes are carefully designed to meet contemporary academic standards and the evolving needs of society, industry, governance, and the global knowledge economy.

At KSOU, learning extends beyond printed study materials. We integrate digital technologies, online learning resources, multimedia content, virtual academic support, learner services, and interactive platforms to create a rich and engaging learning experience. As educational technologies continue to evolve, the University remains committed to adopting innovative approaches that enhance accessibility, flexibility, and academic excellence.

Our dedicated faculty members, academic counsellors, researchers, and administrative staff work together to ensure that every learner receives quality guidance, academic support, and opportunities for intellectual and personal growth. Our extensive network of Regional Centres and Learner Support Centres across Karnataka enables us to remain connected with learners wherever they may be.

The degrees, diplomas, and certificates awarded by KSOU are recognized in accordance with the regulations of the statutory authorities governing higher education in India. They open pathways to employment, higher education, professional advancement, research, entrepreneurship, and lifelong learning.

As we move forward in an era shaped by digital transformation, artificial intelligence, sustainability, and global interconnectedness, continuous learning has become the key to personal and professional success. I encourage you to embrace curiosity, innovation, integrity, and social responsibility as guiding principles throughout your educational journey.

At KSOU, our vision is not merely to educate but to empower. We aspire to create responsible citizens, skilled professionals, thoughtful leaders, and lifelong learners who contribute meaningfully to society and the nation.

I invite you to make the best use of the opportunities available at the University. Participate actively in academic activities, engage with your teachers and peers, develop new skills, and pursue excellence with dedication and determination.

I wish you every success in your studies and look forward to witnessing your achievements. Together, let us build a future founded on knowledge, innovation, compassion, and service.

With my best wishes for a rewarding and fulfilling academic journey.

ABOUT THE UNIVERSITY

Karnataka State Open University is recognized by the University Grants Commission under (Open and Distance Learning) and online Regulation 2020.

The University was established in June 1996 with a vision **"Higher Education to Everyone, Everywhere".** The University blossomed in the era of globalization in which the economies of the world are being transformed from their original closed self-sustaining structure to the globalized context, where they can expose themselves to the competitive world. This transition ushered in new changes in the arena of knowledge enphasisng application besides accumulation of facts. The Karnataka State Open University in order to cope with the present global environment, is attempting to integrate interdisciplinary approaches in the dissemination of knowledge with the aim of achieving overall human personality development.

Mysuru is a historical centre possessing a rich cultural heritage which had valiant historical events of different kingdoms and humane social setup of incomparable stature. The University has paved the way for realizing its vision at the international arena leading to human welfare. It was started during the year 1996 as its separate entity to cater to the needs of thousands of young aspirants of higher education.

The KSOU is situated at the heart of Mysuru city. The University is headquartered in 50 Acre of campus in a fully green ambience. The University is offering UG, PG and Ph.D. programs besides diploma and PG certificate programs in various disciplines. The University is fully equipped with 28 academic departments controlled by the chairpersons and supported by other faculty and non teaching staff. The University is offering various degrees and diploma programmes in Humanities, Social Science, Science, Commerce and Management. The KSOU is carved out mainly with an intention of promoting higher education among unprevileged group of society and hence, the fees for all the courses are at affordable rate.

Special Features: The Open Distance Learning system is a unique and challenging because, the learners joining Open Distance Learning come from a diverse socio-economic background and with a varied learning background. The present conventional university system could not meet the genuine needs of such students who could not pursue their studies in a conventional university for various reasons. In order to give them an opportunity to pursue their studies in Open - Distance Learning, this University has been established. The major objectives of the University is to generate human resources of top quality laying more emphasis on the following issues:

(1) To tansform guiding vision into action plan through various measures.
(2) To generate high quality human resources through skill training.
(3) To provide opportunities to those who discontinued their studies.
(4) To encourage the working class to acquire higher knowledge.
(5) To facilitate the opportunities to pursue higher education at their own places.
(6) To provide transparent manner of admission.
(7) To transform restricted learning to a global-based learning.
(8) To promote new concept and new direction in higher education.
(9) To foster multiple imperatives to achieve the national development.
(10) To play critical role in addressing social imperatives.
(11) To build innate capacity by creating adequate student – support services.

6. Credit System for the Programmes

The University follows the **'Credit System'** for all its Programmes. Each credit is of 30 hours of study comprising of all learning activities such as studying the self-learning material, participating in the counseling/contact classes, preparing assignment, visiting library/ industry/ institution, interacting through audio-visual related mode and preparing for exams. Thus, a four credit course involves 120 study hours, a six credit course involves 180 study hours and so on. This helps the students to understand the academic efforts she/ he will have to put in order to successfully complete the programme.

Maximum Period for Completion of Programme

Normally, the Candidate is expected to complete the programme within the minimumperiod as laid down by the University for a Specific Program. However, a student who, for whatever reasons is not able to complete the program within the normal or minimum duration prescribed for the program may be allowed a period of two years beyond the normal period to clear the backlog to be qualified for the degree. The general formula therefore is N+N years (N=- Normal / minimum duration prescribed for completion of the program) and will be revised from time to time as per the UGC norms.

7. CHOICE BASED CREDIT SYSTEM (CBCS)

Choice based credit system (CBCS) is an internationally acknowledged system. Therefore the entire higher education in India is transforming itself to this uniform grading system. The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective/minor or skill based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. This will benefit the students to move across institutions within India to begin with and across countries.

The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student‟s performance in examinations, the University Grants Commission has formulated the guidelines to be followed.

The choice based credit system not only offers opportunities and avenues to learn core subjects but also exploring additional avenues of learning beyond the core subjects for holistic development of an individual. The CBCS will undoubtedly facilitate us bench mark our courses with best international academic practices.

Advantages of the choice based credit system:

- Shift in focus from the teacher-centric to student-centric education.
- Student may undertake as many credits as they can cope with (without repeating all courses in a given semester if they fail in one/more courses).

- CBCS allows students to choose inter-disciplinary, intra-disciplinary courses, skill oriented papers (even from other disciplines according to their learning needs, interests and aptitude) and more flexibility for students).

CBCS makes education broad-based and at par with global standards. One can take credits by combining unique combinations. For example, Physics with Economics, Microbiology with Chemistry or Environment Science etc. CBCS offers flexibility for students to study at different times and at different institutions to complete one course (ease mobility of students). Credits earned at one institution can be transferred.

Outline of Choice Based Credit System:

1. Core Course: A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.

2. Elective Course: Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate‟s proficiency/skill is called an Elective Course.

2.1 Discipline Specific Elective (DSE) Course: Elective courses may be offered by the main discipline/subject of study is referred to as Discipline Specific Elective.

2.2 Dissertation/Project: An elective course designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project.

2.3 Generic Elective (GE) Course: An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure is called a Generic Elective.

P.S.: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective. 3. Ability Enhancement Courses (AEC): The Ability Enhancement (AE) Courses may be of two kinds: Ability Enhancement Compulsory Courses (AECC) and Skill Enhancement Courses (SEC). “AECC” courses are the courses based upon the content that leads to Knowledge enhancement; i.Environmental Science and ii. English/MIL Communication. These are mandatory for all disciplines. SEC courses are value-based and/or skill-based and are aimed at providing hands-on- training, competencies, skills, etc. 3.1 Ability Enhancement Compulsory Courses (AECC): Environmental Science, English Communication/MIL Communication. 3.2 Skill EnhancementCourses (SEC): These courses may be chosen from a pool of courses designed to provide value- based and/or skill-based knowledge, Including Researrch Component in Under-Graduate Courses Project work/Dissertation is considered as a special course involving application of knowledge in solving / analyzing /exploring a real life situation / difficult problem. A Project/Dissertation work would be of 6 credits. A Project/Dissertation work may be given in lieuof a discipline specific elective paper

7. MODULAR APPROACH OR LATERAL EXIT

National Education Policy (NEP) 2020 seeks to reform the Higher Education system by providing, among other things, flexibility to students in terms of choice of subjects to study and academic pathways. A creative combination of disciplines for study with multiple entry and exit points is one very important recommendation of NEP, 2020.

UGC has notified Guidelines for Multiple Entry and Exit in Academic Programmes offered in Higher Education Institutions to remove rigid boundaries and create new possibilities for students to choose and learn the subject(s) of their choice. They opine that In addition, it will pave the way for seamless student mobility, between or within degree-granting HEIs through a formal system of credit recognition, credit accumulation, credit transfers, and credit redemption.

To cope up with this KSOU has also faciliateated multiple entry and exit to the post graduates of KSOU. The objective of this policy are

- Remove rigid boundaries and facilitate new possibilities for learners.
- Curtail the dropout rate and improve GER (Gross Enrolment Ratio)
- Offer creative combinations of disciplines of study that would enable multiple entry and exit points.
- As per the Policy, there are 5 exit points in higher education. The first 4 exit points are related to under graduate programme.

Exit 5: For postgraduate programmes, there shall only be one exit point for those who join the two-year Master‟s programme, that is, at the end of the first year of the Master‟ programme. Students who exit after the first year shall be awarded the Post-Graduate certificate Diploma (Level 8).

8. MBA DEGREE PROGRAMME

In response to the growing demand for well-trained post-graduates in Business Administration from institutions with professional excellence, the Karnataka State Open University is offering a Professional Two Year **Semester based** MBA Post Graduate Degree Program (Two Semester per year - Total Four Semesters). The Program is specifically designed fora target clientele comprising practicing managers in corporate companies, executives in public enterprises, mid managerial personnel and others who could not pursue a Master Degree program in Management for various reasons.

i. AUDIO-VIDEO STUDIO PROGRAMS

"Our Karnataka State Open University has its own studio called Visual Studio, dedicated to providing a wide range of online and digital learning experiences for all its students. The aim is to transform all courses into an attractive visual medium, making learning both easy and appealing. Simultaneously, it turns studying into an entertaining task rather than a boring one, achieved through eye-catching visuals, soothing background music, enticing text styles, and a mind-inducing format.

For this purpose, the studio is equipped with advanced technology, including a large spacious Green matte floor, high-quality cameras, editing suites with top-of-the-line Apple systems, and all the necessary CG and Photoshop software. The studio is staffed by talented and creative individuals who operate and handle the cameras and software efficiently.

The KSOU Studio strives to produce excellent digital content daily, covering various subjects such as science, technology, management, arts, history, etc. All this content is available on our "KSOU DHRUSHYAVAHINI" YouTube channel. To date, the studio has produced around 500 pieces of content, all of which have been watched and appreciated by university students for their appealing quality.

In addition to course content, the studio makes an effort to communicate university seminars, programs, and events by capturing and uploading them to various digital platforms. Short videos of these programs are displayed on the university's signboards and other platforms to disseminate information rapidly.

As times change and trends evolve, education must also adapt its teaching methods and techniques. In this regard, our Karnataka State Open University's Visual Studio is a step ahead, consistently adopting new technologies effectively. This positions the university as strong and innovative in the field of education. The studio operates with its own vision, mission, ethics, and a strong work culture to reach its desired goals."

24. QUALITY INITIATIVES

In an endeavour to step up the quality of services rendered by the university, Centre for Internal Quality Assurance has been constituted as per the UGC order.

National Mission on Education through Information and Communication Technology (NMEICT).

The National Mission on Education through Information and Communication Technology (NMEICT) has been envisaged as a Centrally Sponsored Scheme to leverage the potential of ICT, in teaching and learning process for the benefit of all the learners in Higher Education Institutions in any time anywhere mode. This was expected to be a major intervention in enhancing the Gross Enrolment Ratio (GER) in Higher Education by 5 percentage points during the XI Five Year Plan period.

The three cardinal principles of Education Policy viz., access, equity and quality could be served well by providing connectivity to all colleges and universities, providing low cost and affordable access-cum-computing devices to students and teachers and providing high quality e-content free of cost to all learners in the country. NMEICT encompasses all the three elements. The Mission has two major components:

1. Providing connectivity, along with provision for access devices, to institutions and learners;
2. Content generation.

It seeks to bridge the digital divide, i.e. the gap in the skills to use computing devices for the purpose of teaching and learning among urban and rural teachers/learners in Higher Education domain and empower those, who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy. It plans to focus on appropriate pedagogy for e-learning, providing facility of performing experiments through virtual laboratories, on-line testing and certification, on-line availability of teachers to guide and mentor learners, utilization of available Education Satellite (EduSAT) and Direct to Home platforms, training and empowerment of teachers to effectively use the new method of teaching learning etc.

Karnataka State Open University (KSOU) has adopted National Mission on Education through Information and Communication Technology (NMEICT) a flagship initiative of Ministry of Human Resource Development aims to leverage the potential of Information and Communication Technology (ICT) in teaching and learning process by high quality, personalized and interactive knowledge modules over the internet for all the learners EIs) in anytime, anywhere mode. The Karnataka State Open University has created separate cell for the NMEICT and Virtual Labs. Adopted ICT initiatives of are as follows:

1. SWAYAM: Massive Open Online Courses
2. SWAYAMPRABHA: View digital courses on TV
3. National Digital Library: e-content
4. e-PG Pathshala: Gateway for e-books upto PG
5. Shodhganga: A reservoir of Indian Theses
6. e-ShodhSindhu: e-journals
7. e-Yantra: Engineering for better tomorrow
8. FOSSEE: Free/Libre and Open Source Software for Education
9. Virtual Labs: Web-enabled experiments designed for remote – operation
10. University Enterprise Resource Planning (SAMARTH)
11. VIDWAN: Expert Database and National Research Network
12. IRINS: Indian Research Information Network System
13. Shodh Shudhhi (PDS): Plagiarism Detection Software

SWAYAMPRABHA:

SWAYAM Prabha is an initiative of the Ministry of Human Resources Development to provide 32 High Quality Educational Channels through DTH (Direct to Home) across the length and breadth of the country on 24X7 basis. It has curriculum-based course content covering diverse disciplines. This is primarily aimed at making quality learning resources accessible to remote areas where internet availability is still a challenge. The DTH channels are using the GSAT-15 satellite for programme telecasts. Karnataka State Open University has provided Opportunity to access relevant channels in the Cauvery Auditorium for the benefits of learners during their stay in the personal Contact Programme.

VIRTUAL LABS:

Virtual Labs will provide to the students the result of an experiment by one of the following methods (or possibly a combination). Modelling the physical phenomenon by a set of equations and carrying out simulations to yield the result of the particular experiment. This can at-the-best, provide an approximate version of the 'real-world' experiment. Providing measured data for virtual lab experiments corresponding to the data previously obtained by measurements on an actual system. Remotely triggering an experiment in an actual lab and providing the student the result of the

experiment through the computer interface. This would entail carrying out the actual lab experiment remotely. Virtual Labs will be made more effective and realistic by providing additional inputs to the students like accompanying audio and video streaming of an actual lab experiment and equipment. For the 'touch and feel' part, the students can possibly visit an actual laboratory for a short duration.

Karnataka State Open University has recognized Nodal Center for Virtual Labs under the leadership of National Institute of Technology, Surathkal and established well equipped V Labs Nodal Center at Science Bhavan which can cater the needs of KSOU learners of to access the experiments developed by NITK.

E-CONTENT DEVELOPMENT:

The UGC e-Content scheme aims at developing high quality e-Content, as well as expertise for generating such content over the long term. The scheme provides financial assistance and technical support to teachers and other experts based in colleges and universities for the development of e-Content. The e-Content development and the associated web based learning described here do not seek to replace traditional teaching and learning, but are expected to supplement them. The inclusion of e-Content in learning is now inevitable and the UGC initiative is designed to meet the new challenges, and to help India take the lead in this newly emerging field. The **Karnataka State Open University** has initiated development of e-content proposal under the NMEICT.

Centre for Internal Quality Assurance (CIQA):

KSOU has established the Centre for Internal Quality Assurance (CIQA) as per UGC Open & Distance Learning Regulations 2017 to maintain quality in the service provided to the stakeholders and to assure quality standards are maintained in all its academic and administrative activities. The committee for CIQA interacts with the stakeholders and initiates various measures to promote quality of services at every stage i.e. from the enrolment of students till they accomplish their goals in their academic pursuit.

Research and Development Cell

The Karnataka State Open University has established Research and Development cell in the University to promote quality research and academic development. The cell is actively engaged in enhancing the researches in the university. It provides academic support to the faculty members research scholars and students of the university in writing articles and publishing. Further it also encourages the departments to conduct workshops, seminars and conferences.

Planning, Monitoring and Evaluation Board Cell (PMEB):

The Karnataka State Open University has established planning, Monitoring and Evaluation Board (PMEB), PMEB is an Administratibe wing under the agence if CIQA of the Karnataka State Open University. It is established in 2022, mainly to check out academic planning & monitoring the research initiatives besides scholarship management PMEB is furnishing all planning, Monitoring and evaluation of academic iniative programmes of the university.

Guidance Counselling

The student career is a complex and sensitive. Students of the twenty first century are facing new challenges and difficult situations. There is dire need to guide and counselling them in different areas. It may be academic, skill development, career oriented, life skills, Placement, Higher Studies, and others. The University establishes full-fledged guidance and Counselling Cell to assistthe students.

Interactive Platform

The University is initiating action to utilize the advantage of information and technology development to meet the learners‟ needs. Interactive platform, virtual class room, delivery of lectures from experts, digital library services and other supporting services will be created in future.

Learners Welfare Centre

Learners support services are the most vital component of the university. It includes wide range of academic, evaluation, extension and other related activities. The support services should not only be responsive to the needs of the distance learners but also proactive. Hence, the University established Learner Welfare Centre to explicitly address the needs and grievances of the learners besides advising and guiding the learners who come with prospective enquiry about the academic programmes. Learners' welfare shall be ensured by facilitating mechanisms like academic counselling, attending to queries, timely information, grievance-redressal and rewarding meritorious students. The University has created a better academic ambience for the learners who enjoy the academic experience which in turn enable them to be university ambassadors for its wellbeing. Following are the different forms of support extended to Learners:

1. *Prospective Students Support*
2. *Existing Students Support*
3. *Alumni Students Support*
4. *Grievance Redressal Support*

The centre is headed by the coordinator of the centre who is assisted by Assistant Registrar and other administrative staff. The Centre is entrusted with the responsibility of correspondence between the University Grants Commission, the University and Stakeholders. Following are the Students with grievances and seeking information about academic programmes offered by the University and other aspects are advised to call the helpline**-+91-8690544544** monitored by Learner Welfare Centre and also through e-mail: ksoulwc@gmail.com and contactus.ksou@gmail.com

26. DIGITAL INITIATIVES FOR HIGHER EDUCATION – UGC

a. Swayam:

The University will launch a few Programme online as per the directives of UGC / MHRD. For this purpose University has procured DD Free Dish and installed for accessing SWAYAM Prabha Channels. These channels will be used by the teachers while teaching the courses to have a blended learning process mainly to improve the quality of learning.

b. Digital Monitoring Cell

University has established "Digital Monitoring Cell" to review the current use of digital resources and also periodical suggestions will be given to enhance their utilization further.

c. National Academic Depository Cell

National Academic Depository (NAD) is an online store house of academic awards (degrees, diplomas, mark sheets etc.,) lodged by the boards/ academic institutions/eligibility

Assessment bodies in a digital format that has been launched on 9 July, 2017 by Hon'ble President of India. It is a 24x7 online mode for making available academic awards and helps in validating its authenticity, safe storage and easy retrieval. University has established NAD cell to carry out the activities in this regard. Students shall register to the NAD.

d. National Digital Library

The National Digital library of India (NDL) is a project under Ministry of Human Resource Development, India. The objective is to integrate several national and international digital libraries in one single web-portal. The NDL provides free access to many books in English and the Indian languages. Hence, students are advised to join National Digital Library at https://ndl.iitkgp.ac.in/to access more than 80 lakh digital resources without any cost.

e Massive Open Online Courses(MOOCs)

The University Grants Commission, under the ambit of MHRD, has facilitated the Open Universities to conduct short term programme online. The candidates may visit the website of KSOU/ UGC to avail the benefits of such MOOCs.

National Academic Depository (NAD)

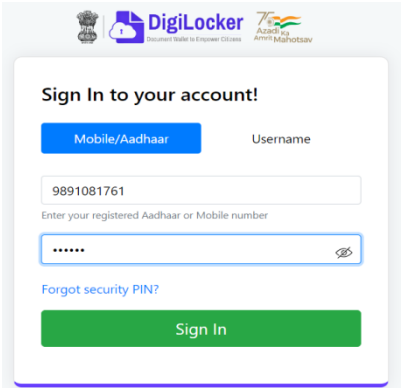

WHAT IS NAD?

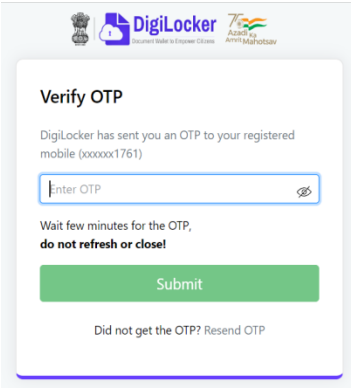

The vision of National Academic Depository (NAD) is born out of an initiative to provide an online store house of all academic awards. National Academic Depository (NAD) is a 24X7 online store house of all academic awards viz. certificates, diplomas, degrees, mark-sheets etc. duly digitised and lodged by academic institutions / boards / eligibility assessment bodies. NAD not only ensures easy access to and retrieval of an academic award but also validates and guarantees its authenticity and safe storage.

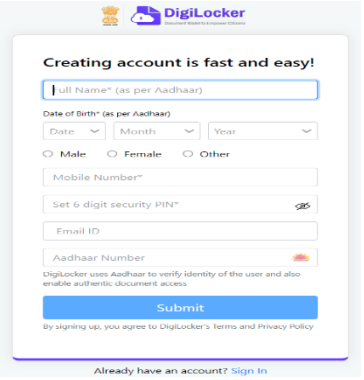

How to register on NAD?

The users of the NAD system are free to select Digilocker is a sole depository for NAD. (The users should select Digilocker is the preferred depository for register into NAD. The user may click on the link https://nad.digitallocker.gov.in which shall re-direct them to the depository's website. Further details relating to the registration process is available on the website.)

Step 1: Login to DigiLocker:

First of all, login to your DigiLocker Account. If you have not sign up in DigiLocker, create it now and then login there (You can visit www.nad.gov.in or nad.digitallocker.gov.in and then click Student on the menu bar. The page gets redirected to the student page and then register themselves by using their Aadhaar ID or Mobile Number)

A Separate cell has been created in KSOU. Dr. Shalvapille Iyengar is the Co-ordinator of NAD/ABC celland His Phone Number: 09686215043

While Creating Digilocker or ABC account contact Technical Staff if you find any difficulties feel free to contact. The Technical Assistant is Sri. Mallesh M – 081052614341

What is ABC?

"Academic Bank of Credits" means an academic service mechanism as a digital/virtual/online entity established by University Grants Commission to facilitate students to become its academic accounts holder, thereby paving the way for seamless students‟ mobility between or within degree granting HEIs through a formal systems of credit recognition, credit accumulation, credit transfer and credit redemption to promote distributed and flexible teaching learning.

How to Create ABC ID?

It is mandatory to create an account on ABC platform and generate ABC ID for UniversityAdmission in 2023.

Follow these simple steps to create your ABC ID from official site:

Step 1: Login to DigiLocker:

First of all, login to your DigiLocker Account. If you have not sign up in DigiLocker, create it now and then login there (You can visit www.nad.gov.in or nad.digitallocker.gov.in and then click Student on the menu bar. The page gets redirected to the student page and then register themselves by using their Aadhaar ID or Mobile Number)

Step 2: Search for Education:

After login, you search for Education category which shows Academic Bank of Credits service.

Step 3: Create ABC ID:

Finally, select your University and click on Generate ABC ID.

Read here: https://www.aubsp.com/abc-id/ for more detail.
