Here's what our learners have to say about us

Radhika Dasari
BA, 2024 Batch

I am a mother of two grown-up children. While they are pursuing their undergraduate degrees, I decided it was time to complete my own graduation. At first, they laughed, but I remained confident in my ability to succeed.Financial constraints made it challenging, but VGU supported me with an affordable fee structure and a seamless admission process. I was searching for the right university to complete my BA, and VGU made it possible for me to continue my education.

Siya Gupta
BA, 2024 Batch

I was a shy, anxious kid growing up who couldn't speak in front of even 4 people. So when I started my business I was really nervous about how I'm going to talk to customers and post content but today I have 900+ followers (@siyacrochets) and 100+ satisfied customers. Which makes me realise that the fear I had once is not something that still holds me back. Because of Online VGU I was able to balance my studies and my business. It helped me so much that I didn't have to choose between my passion and my studies.

Kritika Bhardwaj
BCA, 2024 Batch

At one point, anxiety felt overwhelming, affecting my daily life and relationships. Taking that first step toward mindfulness was tough—my mind wandered, and self-compassion felt unnatural. But I persisted. Slowly, I learned to embrace my thoughts with kindness, and the shift was life-changing. In those tough times, Online VGU became my safe space, offering flexibility when I struggled to step out. It helped me balance academics with mental well-being, improve focus, and connect with a community that truly understands. Today, I'm proud of my progress—one step at a time.

Disha Dipak Soni
BA, 2024 Batch

Competing in Miss Gujarat 2019 was a true test of confidence and resilience. The journey was intense, filled with self-doubt, but I pushed through, and being crowned 2nd Runner-up proved my strength. Similarly, at DREAMS Aviation Academy, I aimed not just to pass but to excel—scoring a perfect 100/100 in all subjects. Online VGU is playing a crucial role in balancing my education and career, offering flexibility and industry-relevant learning. It empowered me to pursue multiple aspirations without compromise. Thanks to Online VGU, I continue striving for excellence in every step of my journey.

Neha Upadhyay

Despite facing career setbacks due to industry norms and lacking a formal degree, my passion for technical fields never faded. With 11+ years of diverse experience, I kept pushing forward. Online VGU became my turning point—allowing me to upskill, balance work, and reignite my academic journey. With its flexible learning and structured curriculum, I now confidently pursue a BBA, aiming for leadership roles. My journey proves that no obstacle can define one's future—learning has no age or limits!

Ragini Rohatgi
M.Sc. (Mathematics), 2024 Batch

Life led me through many roles—engineer, teacher, IT professional, and mother. But my love for mathematics never faded. Scoring 99 in my board exams, teaching physics, and even pursuing an MBA in Project Management, numbers always called me back. As my daughter prepares for her future, I found myself reflecting on my own. That's when I chose to return to my first love—math. Enrolling in MSc Mathematics at Online VGU is my way of reclaiming my passion. It's never too late to chase your dreams, and Online VGU is making it possible!
